

California Human Development
ASET Center
Catalog Addendum
2022-2023

This Addendum contains supplemental information to the ASET Center programs reflected in the 2022-2023 Catalog. The information contained herein is current and solely supplemental and is not intended to alter any sections of the Catalog that are not specifically addressed herein. All Catalog sections not addressed in this Addendum shall remain in full force and effect.

The purpose of this Addendum is to provide clarifying information that may affect a prospective student's decision of enrolling into the subject classes reflected below. Please note that the responsibility of prospective students to read the Catalog, Addendums, and ask questions regarding participating in any of the ASET Center programs.

XI. Tuition Schedule

Welding

This course is offered at the Woodland and Stockton Campuses. Training Fees (Tuition) and the registration fee equal initial school charges of **\$5,250**. Third-party costs required for participation in the course are estimated at **\$700**.

SB1/MC3 Construction

This course is offered at the Stockton Campus. Training Fees (Tuition) and the registration fee equal initial school charges of **\$4,100**. Third-party costs required for participation in the course are estimated at **\$450**.

Truck Driving – Commercial Class A License

This course is offered at Woodland and Stockton Campuses. Training Fees (Tuition) and the registration fee equal initial school charges of **\$4,750**. Individual and/or Third-party costs required for participation in the course are estimated at **\$220**.

The cost discrepancies may be attributed to local course content and the costs of incidental and/or individual related items at the different campus locations.

Any questions should be directed to the ASET Center Manager of your campus.
